

SPRAY PARK RULES

The facility will be open 7 days a week, from 11:00 a.m. until 7:00 p.m. Dates and times shall be subject to change, at the discretion of the Township. Violators of any of these policies may be removed from the Spray Park by any Township employee, including park personnel and Police. All visitors are welcome to use the Spray Park facility while adhering to the following regulations:

General Rules

The Spray Park is open to all ages; individuals and families are welcome

Organized group outings in excess of 10 people are not permitted

Water shoes with a heel or heel strap or similar footwear must be worn

Children under the age of 13 must be accompanied by an adult

Use facility at your own risk - adult guardians are solely responsible for supervising children

Spray Park area shall be closed for use during inclement weather, including but not limited to heavy rain and lightning

Drinking water from spray park features is prohibited.

Food and beverages are permitted only at tables within the spray park fence

We are not responsible for loss or damage to personal property

Proper Attire

Appropriate water attire is required to use the facility

Smooth bottomed or rubber soled water shoes with heel or heel strap or similar appropriate footwear are required

Infants and toddlers must wear swim diapers unless they have been properly toilet trained

Soiled diapers must be immediately changed and disposed of outside the Splash Pad fencing; changing tables are located in the bathroom facilities

The following are not permitted on or near the Spray Park features:

Glass containers, chewing gum, food or beverages, with the exception of plastic water bottles, plastic baby bottle or sippy cups

Littering, garbage, or other unattended items

Soap, shampoos, conditioners, body lotions or body washes

Running, horseplay or other unsafe play, inappropriate language or disruptive behavior

Blocking or obstructing the flow of water from the splash pad features

Climbing or hanging on fence or splash pad features

Spitting, spouting of water, nose blowing or other bodily fluids or contaminants

Persons with diarrhea, nausea, fever or other symptoms of illness, including persons with skin, eye, ear or respiratory infections, open cuts, sores, infections, lesions, wounds or diseases that may be transmitted by water

Lawn or beach chairs

Athletic equipment, balls, bats, beach balls, noodles, etc.

Radios or amplified devices

Pets or animals of any kind, except service animals
